

Progress Report Seminar Frühjahr 2014
jeweils am Dienstag um 8.30 Uhr im Y17 H05

Tuesday, 18.02.2014 Chairperson: Sandra Pfister (JMF)	Abdelhalim Azzi <i>Group: SB</i> <i>„Day length reorganizes the SCN neuronal network“</i>
Tuesday, 25.02.2014 Chairperson: Carolin von Schoultz (UZ)	Emily Urry <i>Group: HPL</i> <i>„Caffeine, sleep quality and health“</i>
Tuesday, 04.03.2014 Chairperson: TBA	Sarah Müller-Steiner <i>Group: JMF</i> <i>„Cell-to-cell transmission of alpha-synuclein and Parkinson's-like pathology in mice“</i>
Tuesday, 11.03.2014 Chairperson: Marc Zünd (BW)	Annette Cronin <i>Group: MA</i> <i>„Cytochrome P450-dependent eicosanoid profile in various organs of epoxide hydrolase deficient mice“</i>
Tuesday, 18.03.2014 Chairperson: Simon Früh (JMF)	Helge Johannssen <i>Group: UZ</i> <i>„Two-photon imaging of dorsal horn neuronal circuits“</i>
Tuesday, 25.03.2014 Chairperson: Philipp Mächler (BW)	Felix Schlegel <i>Group: MR</i> <i>„Mouse fMRI: Neuronal and non-neuronal sources of the BOLD response“</i>
Tuesday, 01.04.2014 Chairperson: Laura Tüshaus (PA)	Sebastian Holst <i>Group: HPL</i> <i>„Glutamate and sleep homeostasis in humans“</i>
Tuesday, 08.04.2014 Chairperson: Nandkishor Mule (MA)	Matthew Barrett <i>Group: BW</i> <i>„Blood flow and oxygen transport in the active brain: modelling, imaging and beyond“</i>
Tuesday, 15.04.2014 Chairperson: Amandine Valomon (HPL)	Laura Tüshaus <i>Group: PA</i> <i>„Resting state networks and sleep regulation“</i>
Tuesday, 29.04.2014 Chairperson: Dennis Mircsof (SB)	Lukas Rambousek <i>Group: JMF</i> <i>„Therapeutic potential of neuroactive steroids in neuropsychiatric disorders“</i>

<p>Tuesday, 06.05.2014</p> <p>Chairperson: Tina Notter (JMF)</p>	<p>Karen Haenraets <i>Group: UZ</i></p> <p><i>„Characterization of inhibitory interneuron subpopulations of the spinal dorsal horn“</i></p>
<p>Tuesday, 13.05.2014</p> <p>Chairperson: Catherine Germanier (MR)</p>	<p>Laetitia Tudeau <i>Group: UZ</i></p> <p><i>„Optogenetic activation of inhibitory interneurons in the mouse dorsal spinal cord“</i></p>
<p>Tuesday, 20.05.2014</p>	<p>No Seminar!</p>
<p>Tuesday, 27.05.2014</p> <p>Chairperson: Mario Acuna (UZ)</p>	<p>Mariana Zaichuk / Tilo Gschwind <i>Group: JMF</i></p> <p><i>“Interaction between limbic seizures and AD-like pathology. Contribution of immune mechanisms” (Mariana) “The contribution of AD-like pathology to limbic seizures in rodents: Relevance of immune-mediated mechanisms” (Tilo)</i></p>
