

DATE	SPEAKER	TITLE
21.9.2012 Host: PA	Borbély , Alexander Institut für Pharmakologie und Toxikologie, Universität Zürich	«The two-process model of sleep regulation: Origin and perspectives»
■ 26.9.2012 Wednesday, 17.15 - 18:30 h Host: HPL	Benedetti , Francesco Division of Neuroscience, Ospedale San Raffaele, Milano	«Clinical chronotherapeutics of bipolar disorder»
28.9.2012 Host: RH	Wilhelm , Ines Interdisziplinäres Zentrum für Schlafmedizin, Kinderspital Zürich	«Sleep and memory during early development»
5.10.12 Host: PA	Mensen Armand , Khatami Ramin KompetenzZentrum Schlafmedizin, Klinik Barmelweid, Barmelweid	«Valid, sensitive, interpretable: a new method to analyse high density EEG»
■ ■ 9.10.2012, Tuesday, 12.30 – 13.30 h Host: PA	Klaver , Peter Centre for MR Research, University Children's Hospital Zurich and Institute of Psychology, Division of Abnormal Psychology and Clinical Intervention	«Typical and atypical networks of memory and cognition in the developing brain»
■ 17.10.2012 Wednesday, 17.15 - 18:30 h Host: SB	Allebrandt , Karla Ludwig-Maximilians-University, Munich	«Human sleep duration and circadian phenotypes: from epidemiological observations to genes»
19.10.2012 Host: PA	Wright , Kenneth P. Department of Integrative Physiology, University of Colorado at Boulder and Division of Endocrinology, Metabolism and Diabetes, University of Colorado School of Medicine Aurora, CO	«Influence of Sleep Deprivation and Insufficient Sleep on Energy Expenditure: Basic Physiology and Implications for Weight Gain»
■ 31.10.2012 Wednesday, 17.15 - 18:30 h Host: SB	Fukada , Yoshitaka Dept. of Biophysics and Biochemistry, University of Tokyo	«Ubiquitination-mediated circadian regulation of CRY proteins through their degradation and stabilization»
2.11.2012 Host: RH	Vyazovskiy , Vladyslav University of Surrey, UK	«Sleep homeostasis, neuronal synchrony and single-cell rest»

16.11.2012 Host: RH	Wittmann, Lutz Klinik für Psychiatrie und Psychotherapie Universitätsspital Zürich	«Trauma and dreams»
23.11.2012 Host: PA	Hödlmoser, Kerstin University of Salzburg, Department of Psychology, Division of Physiological Psychology, Laboratory for "Sleep and Consciousness Research"	«Sleep and cognition in school aged children»
30.11.2012 Host: HPL	Seibt, Julie Charité, Universitätsmedizin Berlin	«Sleep and brain plasticity: found in translation?»
■ ■ 4.12.2012, Tuesday, 12.30 – 13.30 h Host: PA	Jann, Kay Department of Psychiatric Neurophysiology, University Hospital of Psychiatry, University of Bern	«Functional Connectivity in Magnetic Resonance Imaging: Applications in basic and clinical research»
7.12.2012 Host: RH/PA	Lustenberger, Caroline Interdisziplinäres Zentrum für Schlafmedizin, Kinderspital Zürich	«Electromagnetic field stimulation, sleep & learning»
14.12.2012 Host: IT	Wuyts, Johan Biologische Psychologie; Freie Universität Brüssel	«Sleep in elephants under different conditions in Zoos»
21.12.2012 Host: RH	Rasch, Björn SNF, Division of Biopsychology, University of Zurich	«Memory reactivation during sleep in humans: current findings»

■ **Pharmacology Institute Seminar**

Wednesday, 17.15 - 18:30 h

Lecture Hall 17-H-05, University of Zurich-Irchel

■ ■ **ZIHP Lunch Seminar**

Tuesday, 12.30 – 13.30 h

Small Lecture Hall Pathology PATH C22, University Hospital Zürich

12:00 – 12:30: Snack in the Foyer; 12:30 – 13:30: Lecture

Organizers and contact

HPL: Hans-Peter Landolt, landolt@pharma.uzh.ch

PA: Peter Achermann, achermann@pharma.uzh.ch

IT: Irene Tobler, tobler@pharma.uzh.ch

SB: Steven Brown, steven.brown@pharma.uzh.ch

RH: Reto Huber, Reto.Huber@kispi.uzh.ch
